

CONDIZIONI DI GARANZIA

I silenziatori *INOXCAR* sono garantiti 5 anni senza limiti di chilometraggio (non sono inclusi i centrali ed altri componenti al di fuori degli scarichi).

In caso di possibili anomalie riscontrate durante tale periodo occorre restituire il prodotto alla casa madre che si occuperà di visionarlo ed all'occorrenza sostituirlo.

La garanzia decade in caso di errato montaggio e modifiche apportate da terzi.

Le alte temperature possono crear colorazioni rame sul tubo finale; è un processo normale (inevitabile anche nelle competizioni) e quindi non compreso nel certificato di garanzia.

CERTIFICATO DI OMOLOGAZIONE

Il certificato di omologazione CEE, valido per tutti i paesi facente parte della comunità europea, unito all'incisione dei codici di identificazione posti sul corpo del silenziatore permettono di utilizzare liberamente i nostri scarichi senza la necessità di aggiornare la carta di circolazione, secondo la legge 70/157/CEE.

LEGENDA

X : non omologato CEE;

H: omologato CEE;

P: prossima omologazione;

AF: tubo sostituzione catalizzatore;

AFCAT: tubo sostituzione catalizzatore con cat. metallico;

DX+SX: destro + sinistro;

FLEX: con flessibile;

I.P.: prossima realizzazione;

SIL: scarico finale;

SIL DUPLEX: scarico finale destro / sinistro;

SILN: scarico finale competizione gr. N/A;

TA: tubo anteriore;

TAK: tubo anteriore con cat. metallico;

TC: tubo centrale diretto;

TCS: tubo centrale con silenziatore;

TT: tubo turbina;

WARRANTY CONDITION

The INOXCAR road silencers are secured for 5 years without distance in Km limits (the central pipes and other components except the exhausts are not included).

In case of possible anomalies during that period it is necessary to give back the product to the head office that will check it and replace it, if necessary.

The warranty stops in case of wrong assemblage and alteration made by others.

The high temperatures can create colorations copper on the final pipe; It is a normal action (also in the competitions) and therefore not included in the guarantee.

CERTIFICATE OF EEC HOMOLOGATION

The certificate of EEC validation, valid for each country of the European Community, together with the recording of identification codes of the silencer, let to freely use our exhausts without updating the car registration document, according to the law 70/157/CEE.

LEGEND

X : without E.E.C. homologation;

H: with E.E.C. homologation;

P: next E.E.C. homologation;

AF: catalyst replacement pipe

AFCAT: catalyst replacement pipe with metal cat

DX+SX: left+right

FLEX: with flexible

I.P.: available soon

SIL: rear silencer

SIL DUPLEX: rear silencer left / right

SILN: rear silencer N/A group

TA: anterior pipe

TAK: anterior pipe with metal cat

TC: direct central pipe

TCS: central pipe with silencer

TT: turbine pipe
